

Postsecondary Feedback Reports (PSFR)

The Postsecondary Feedback Reports (PSFR) Portal is a signature project of the Decision Center. Schools receive feedback on how students perform in subjects at community colleges and state universities. This is made possible through a partnership with Arizona's community colleges, state universities, and the Arizona Board of Regents.

The data are organized in online reports and visualizations accessed online or in the Decision Theater. Available data include postsecondary enrollment, course enrollments, and degrees/certificates earned. This feedback enables educators, administrators and others to see performance in the state's higher education system in order prepare high school students for future success.

**Over 70% of AZ districts
and charters have
PSFR accounts**

The Visualization in Action

The PSFR Portal can be used to improve current practices. At Vail's Cienega High School staff identified strengths and areas where graduates were not as successful. Using this information, they identified disconnects in coursework and changed how they were teaching to better prepare students for the demands of college.

Using PSFR, schools can continuously track future cohorts of students and monitor the impacts of their efforts. This is possible because of PSFR's unique connection of both high school and postsecondary data, its regular update schedule, and its secure ability to provide school-level reports.

Track Your Students' Success in College

The Postsecondary Feedback Portal provides information divided into three broad report areas: dual enrollment, community college coursework and university (100 & 200 level) coursework. Users can move between these reports to see up-to-date feedback for recent graduating cohorts of their high school or local education agency (LEA).

The reports available to districts include:

Dual Enrollment Summary

Dual enrollment trends over time

Dual Enrollment by Discipline

Student academic performance by subject

Community College & University Benchmark

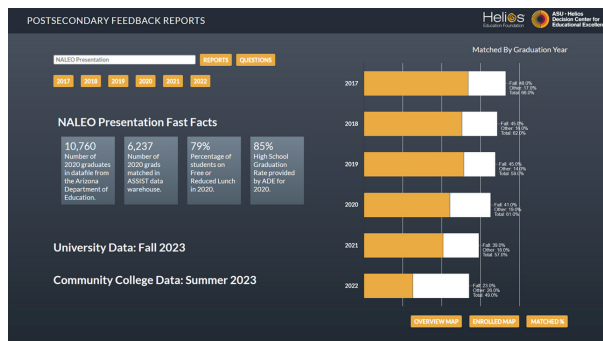

Grades by subject for district and state

Community College & University Feedback

Information on majors, degrees, and GPA

DISTRICT	THREE YEAR BENCHMARK	DUAL ENROLLMENT SUMMARY	DUAL ENROLLMENT BY YEAR/DISC	FEEDBACK REPORTS	BATCH PRINT
Agua Fria High School ADE Code: 5434	CC Course Benchmark UV Course Benchmark	Dual Enrollment Summary Dual Enrollment Charts	2014-15 2015-16 2016-17 2017-18 2018-19 2019-20	CC: 2017 Grads UV: 2017 Grads 2020 Grads	Batch Print Drum Dark
Agua Fria Union High School District ADE Code: 4289	CC Course Benchmark UV Course Benchmark	Dual Enrollment Summary Dual Enrollment Charts	2014-15 2015-16 2016-17 2017-18 2018-19 2019-20	CC: 2017 Grads UV: 2017 Grads 2020 Grads	Batch Print Drum Dark

Users also receive a visualization for presenting and facilitating understanding of the data:
